\*Organic sales growth excludes impact of foreign exchange. For full financial data and reconciliation of non-GAAP measures, please see our press release dated October 21, 2020, available at [www.abbottinvestor.com](http://www.abbottinvestor.com).

\*\*These tests have not been FDA cleared or approved. These tests have been authorized by FDA under EUAs for use by authorized laboratories and have been authorized only for the detection of nucleic acid from SARS-CoV-2 or detection of IgG antibodies against SARS-CoV-2, and not for any other viruses or pathogens. These tests are only authorized for the duration of the declaration that circumstances exist justifying the authorization of emergency use of in vitro diagnostic tests for detection and/or diagnosis of COVID-19 under Section 564(b)(1) of the Act, 21 U.S.C. § 360bbb-3(b)(1), unless the authorization is terminated or revoked sooner.

1. On a GAAP basis, third-quarter Abbott sales increased 9.6%. 2. Adjusted diluted EPS excludes stock items. Abbott forecasts specified items for the full-year 2020 of \$1.20 primarily related to intangible amortization, acquisition-related expenses, restructuring and cost reduction initiatives and other net expenses. On a GAAP basis, full-year EPS guidance is at least \$2.35. 3. On a GAAP basis, Worldwide Diagnostics sales increased 38%; Molecular Diagnostics sales increased 313%; and Rapid Diagnostics sales increased 83%. 4. On a GAAP basis, FreeStyle Libre sales increased 38%.

**FORWARD-LOOKING STATEMENTS**

Some statements in this news release may be forward-looking statements for purposes of the Private Securities Litigation Reform Act of 1995. Abbott cautions that these forward-looking statements are subject to risks and uncertainties, including the impact of the COVID-19 pandemic on Abbott's operations and financial results, that may cause actual results to differ materially from those indicated in the forward-looking statements. Economic, competitive, governmental, technological and other factors that may affect Abbott's operations are discussed in Item 1A, "Risk Factors" in our Annual Report on Form 10-K for the year ended Dec. 31, 2019 and in Item 1A, "Risk Factors" in our Quarterly Report on Form 10-Q for the quarter ended March 31, 2020, and are incorporated herein by reference. Abbott undertakes no obligation to release publicly any revisions to forward-looking statements as a result of subsequent events or developments, except as required by law.
